

Protocol

## **Session of the dorm's council 31.05.16**

Sessional Management: Daniel Braun (Spokesperson of the dorm)

Secretary: Reena Urban

### **TOP1 Greeting**

- Daniel Braun greets all participants of the session.
- Attendants: Daniel Braun, Mariangela Raether (Mari), Julia Schmitz, Wilhelm Simus, Alexander Stranc, Stefan Tissen, Reena Urban.
- Absent with valid excuse: Alexander Strauch, Erol Topcu

### **TOP2 Cash Box**

- Every year interest for the deposit is due to the council. The Studierendenwerk pointed out that the council does not have a bank account which means that we should either set one up or collect the money in cash.
- Take note: Setting up a bank account might lead to problems with BAFöG.
- Poll: Should the money be collected in cash? (Yes/No/Abstention) (5/0/2)
- The treasurer is responsible for the collection of the money.
- The cash box protocol shall be sent to Frau Leonhard.

### **TOP3 The dorm's bar**

- It is already painted. Question: Should we do more this semester?
- Ideas: Reconstructing the bar/painting, new jukeboxes for the big room, new lighting for counter and big room.
- Since we didn't get any feedback regarding the renewal of the ceiling, yet, we should wait with lighting. Changes at the bar too costly. Therefore purchase of new boxes.
- Decision on upper limit of 70€ for two boxes.
- Furthermore we should clean up behind the counter and dispose of the bulk trash.. The free space can be used to store beer crates.
